- **Post Graduate Certificate in Software Engineering for Data Science** Percentage: 98.5%
International Institute of Information Technology, Hyderabad 2022 – 2023
- **Bachelor of Engineering in Electronics and Communication** CGPA: 9.13/10
JSS Science and Technology University, Mysuru 2016 – 2020

PUBLICATIONS

- **Indoor Navigation Assistant for Visually Impaired:** Published in International Conference on Communication, Computing and Electronics Systems. DOI: 10.1007/978-981-33-4909-4_17

PROJECTS

- **Millennium Treasury - Payment Reconciliation AI Agent:** AI-powered Glean Agent that processes 100+ daily treasury emails, extracts payment data, cross-checks with portal records, and shares Slack reports.
Tech: Glean Agent Framework, Microsoft Graph Outlook API
Impact: Saves 2–3 hours/day and improves reconciliation accuracy.
- **InsightGen:** Search engine that delivered contextual information from GitHub, JIRA, and Confluence pages.
Tech: Copilot Studio
Impact: Reduced developer effort by cutting search time for project information and documentation.
- **Explainable AI with H2O:** Explored explainability in bike rental prediction models using H2O AutoML; visualized SHAP values, feature importance, and diagnostics.
Tech: Python, H2O, Kaggle
Impact: Demonstrated transparent AI modeling for forecasting.
- **Voter CRM:** Data-driven dashboard visualizing Telangana's 2023 voter base with demographic insights by gender, age, and district.
Tech: Python, Flask, Streamlit, Docker
Impact: Delivered insights from 20M+ voter records for election analytics.
- **OMNI Microservices Orchestrator:** Local orchestration platform with dashboard for provisioning and running Nasdaq OMNI microservices in Dockerized containers.
Tech: Vue 3, PowerShell, Docker
Impact: Cut environment setup time from 30 minutes to a few minutes.
- **Agile Project Management Tool:** Scrum-based reporting dashboard that increased sprint visibility for 15+ teams with Epic, Feature, and Defect tracking.
Tech: Power BI, Azure Analytic Views, Python, Pandas, Matplotlib
Impact: Deployed across 15+ teams at Siemens Healthineers.
